STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Woodstock, in said State, qualified to vote in Town and State affairs:

You are hereby notified to meet at the Woodstock Town Hall in said Woodstock, on the ninth day of March next, being the second Tuesday of March, at ten o'clock in the forenoon, (the polls are to open at 10:00 A.M. and may not close prior to 6:00 P.M.; business meeting to be held at the Town Hall at 7:30 P.M.) to act upon the following:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations of the same.

Article 3. To see if the Town will vote to authorize the Selectmen to sell property taken on Tax Titles.

Article 4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 5. To see if the Town will vote to authorize the Tax Collector to receive part payments in any year in the sum of Ten Dollars (\$10.00) or a multiple of ten.

Article 6. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by Town Meeting, money from the State, Federal or other governmental unit or private source which becomes available during the fiscal year in compliance with RSA 31:95-b. (supp).

Article 7. To see if the Town will vote to authorize the Selectmen to request an audit by the Municipal Accounting Division of the Department of Revenue Administration or a private certified accounting firm or an independent Certified Public Accountant.

Article 8. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1982 appro-

priation, said funds to be placed in a Special Conservation Fund in accordance with RSA 36-A:5.

Article 9. To see if the Town will vote to withdraw the sum of Sixteen Thousand Two Hundred Five Dollars (\$16,205.00) from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for use as an offset to be applied against the Town's Incinerator Bonded Debt.

Article 10. To see if the Town will vote to withdraw the sum of Seven Thousand Seven Hundred Seventy-Two Dollars (\$7,772.00) from the Revenue Sharing Savings Account Fund established under the provisions of the State and Local Assistance Act of 1972, for use as an offset to be applied against the Route 3 South Water Main Repair: said funds being the excess from previous years.

Article 11. To see if the Town will vote to adopt the provisions of Chapter 287 of the Revised Statutes Annotated, as amended, relating to playing beano in the Town of Woodstock, and that the following question be placed upon the ballot to be used at said meeting: "Shall the provisions of Chapter 287 of the Revised Statutes Annotated, as amended, relative to playing games of Beano be adopted in the Town?"

Article 12. To see if the Town will vote to place Ten Thousand Dollars (\$10,000.00) in the Vehicle Replacement Capital Reserve Fund.

Article 13. To see if the Town will vote to authorize the Selectmen to withdraw funds from the Vehicle Replacement Capital Reserve Fund at any time to expend on the purchase of a replacement vehicle or equipment in case of an emergency situation.

Article 14. To see if the Town will vote to authorize the Selectmen to contract with a data processing firm to maintain its property tax records for 1982 and to see if the Town will raise and appropriate Four Hundred Dollars (\$400.00) to cover the cost of this service. (This article inserted upon written application of voters.)

Article 15. To see if the Town will vote to adopt the provisions of RSA 76:15-a relative to the Semi-Annual Collection of Taxes to be effective June 1, 1983.

Article 16. Shall the citizens of Woodstock ask members of the New Hampshire Congressional delegation to support or co-sponsor a

resolution in the United States Congress to: "Request the President of the United States to propose to the Soviet Union that the United States and the Soviet Union adopt a mutual freeze on the testing, production and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons, with verification safeguards satisfactory to both countries." (This article inserted upon written application of voters.)

Article 17. To see if the Town will vote to discontinue the highway described as follows: Old Route 112 from the junction of Routes 112 and 118 northwesterly along Moosilauke Brook.

Article 18. To see if the Town will vote to discontinue the highway described as follows: From the northerly junction with Route 175 to the end of the drive of the former Blanche Fisher Estate as provided for in RSA 238.1

Article 19. To see if the Town will vote to establish a Capital Reserve Fund from the sale of cemetery lots, said funds to be used for the purchase of cemetery properties.

Article 20. To see if the Voters are in favor of acquiring the former North Woodstock Elementary School.

Article 21. To see if the Town will vote to authorize the Board of Selectmen to negotiate for and accept the former North Woodstock Elementary School for a sum not to exceed Five Hundred Dollars (\$500.00).

Article 22. To see if the Town will vote to authorize the Selectmen to negotiate for and enter into an Intergovernmental Agreement with the Town of Lincoln pursuant to the authority granted under RSA 53-A:3 XII; the purpose of this agreement is to establish a separate entity that would have its own checking and savings accounts, records keeping systems, and insurance coverage.

Article 23. To see if the Town will authorize the Selectmen to request that the Department of Revenue Administration withdraw the maximum allowed from the Town's surplus account to be applied to the balance of the Town's indebtedness incurred and payable in 1982 for the Woodstock Water System land taking; in the event there is no surplus available or an insufficient surplus to cover the outstanding balance, the Town authorizes the Selectmen to request the Depart-

ment of Revenue Administration to add an adequate overlay to the Town appropriation to cover the balance of this indebtedness.

Article 24. To see if the Town will vote to adopt the following ordinance pursuant to RSA 156:

Section 1. Appoint an inspector of buildings (Selectman, other designee).

Section 2. No person, firm or corporation shall erect, construct, enlarge, alter, repair, improve, move or demolish any building or structure within the Town of Woodstock without first obtaining a separate Building Permit for each building or structure from the Building Permit Officer (Board of Selectmen or Building Inspector).

Section 3. Any person, firm, or corporation violating the provisions of this ordinance shall be subject to a fine of Ten Dollars (\$10.00) and each day's neglect to obtain such a permit shall constitute a separate offense.

Article 25. To see if the Town will vote to accept the budget as posted.

Article 26. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 19th day of February, 1982.

NORMAN B. FADDEN
BONNIE HAM
J. STANTON HILLIARD
Selectmen of Woodstock, N.H.

A true copy, Attest

NORMAN B. FADDEN
BONNIE HAM
J. STANTON HILLIARD
Selectmen of Woodstock, N.H.

I, Bonnie Ham, one of the Selectmen of said Town of Woodstock, depose and say that on the 19th day of February, 1982, I posted copies of the within Warrant at the Town Hall in said Town of Woodstock, and at the Town Office Building in North Woodstock in said Town, duly attested, and that to the best of my knowledge and belief said notices remained posted until the day of the meeting.

BONNIE HAM

Selectman of Woodstock, N.H.

STATE OF NEW HAMPSHIRE

Grafton, ss.

March , 1982

Personally appeared the above-named Bonnie Ham and made oath that the foregoing statements by her subscribed are true.

Before me,

Justice of the Peace
Notary Public

POLICE DEPARTMENT REPORT

— — — — —

Two full time officers from the department attended the New Hampshire Police Academy this year. Marvin Stratton graduated from the 53rd session of the Academy in February, and William Magee graduated from the 56th session in August. Bill was appointed as a full time officer in June to fill the vacancy left when Michael Gridley joined the Concord, NH Police Department.

Mark DeMers has joined the ranks of part-time officers. Mark attended the fall session of the part-time officers school and is now a certified police officer.

The auxiliary officers have donated a total of 371 hours of volunteer time to the department this year, in addition to the regular hours for which they were reimbursed. These men are to be commended for their dedicated service to the town.

NEW HAMPSHIRE HUMANE SOCIETY
Laconia, N.H.

Office of Selectmen
 Town of Woodstock
 Woodstock, N.H. 03293

Gentlemen:

The 1981 totals of the number of animals from the Town of Woodstock brought to the N.H. Humane Society shelter are as follows:

By your Animal Control Officer:

Dogs and Puppies	14
Cats and Kittens	17
	—
Total	31

By Woodstock Residents:

Dogs and Puppies	12
Cats and Kittens	9
	—
Total	21

Total Number of Dogs, Cats, Pups	
Kittens from the Town of Woodstock	52

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1981. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442:A, the Rabies Control Act for holding stray dogs.

Every town has stray and animal problems. We encourage the Town of Woodstock, and especially the animal control officer, to use our services more in 1982.

Sincerely,
 FRITZ T. SABBOW
Executive Director

NORTH COUNTRY HOME HEALTH AGENCY, INC.

Services provided to North Country Residents in 1981:

Nursing Care	4572 Visits
Physical Therapy	504 Visits
Speech Therapy	86 Visits
Home Health Aide	4833 Hours
Homemaker	2020 Hours
Family Assistant	2602 Hours
Newborns and Mothers	92 Visits
Health Promotions	316 Visits

Clinics

Well Child & Immunization	28
Attendance:	485
Handicapped Children's	5
Attendance:	101
Dental Screening	6
Attendance:	212
Genetics Counselling	1
Attendance:	2
Adult Health Screening with Lions Clubs	4
Attendance:	201
Employee Blood Pressure	3
Attendance:	157

North Country Home Health Agency provides health services in the home for those who are ill; it also provides public health activities aimed at prevention and early intervention of disease.

Treatment measures include Nursing visits following hospitalization, and care of the acutely ill as well as the chronically ill. Physical Therapy and Speech Therapy are available for homebound patients. The Homemaker/Home Health Aides work with the nurses and therapists to assist with personal care and light housekeeping, and

other health related services designed to keep people independent in their own homes. A Hospice program for care of the terminally ill at home, using trained volunteers, is underway.

The Family Assistant program's purpose is to help parents strengthen child-rearing skills and cope with family related problems.

Services aimed at prevention include all clinics listed above, visits to newborns and mothers, and Health Promotion visits for the assessment of needs or condition. The Clinics are held in Littleton and North Haverhill, as well as Lincoln and Lisbon, and are available to all in our service area. No charge is made for any of these activities.

North Country Home Health Agency serves 15 towns from its main office at 60 High St., Littleton, and satellite offices in Lincoln and Woodsville.

Services to residents of Woodstock:

329 Nursing Visits;
 12 Physical Therapy Visits;
 155 Home Health Aide hours;
 29 Homemaking hours;
 78 Health Promotions;
 8 Visits to newborns and mothers.

All clinic services listed above are available to residents in Woodstock.

TOWN OF WOODSTOCK, N.H.

Town Report for 1981 from North Country Council, Inc.

December 28, 1981

Woodstock, N.H. 03262

The North Country Council assisted the Town of Woodstock in preparing the Master Plan which was completed in December 1981. NCC is also assisting the planning board in updating the town's subdivision regulations.

The past year was a busy one for the Council in terms of providing a variety of information and technical assistance to the towns in our region. For nine months, the Council had an active Business Development Program with a staff member contacting industries in southern New Hampshire and northeastern Massachusetts to discuss the characteristics and advantages of the region's growth centers and labor force. As a result, several companies expressed serious interest in locating their industries in the North Country. The Council was also very active in other aspects of economic development including initiation of an industrial park study in Lancaster and providing assistance to the Littleton Industrial Development Corporation in expanding their Park. An application was prepared and submitted to the Economic Development Administration for a \$600,000 Revolving Loan Fund to help finance the location of industries in growth center communities.

The majority of our assistance to towns has been community planning. The Council staff met throughout the year with planning boards, boards of adjustment, and master plan committees to discuss solutions to local community issues—such as zoning, subdivision review, sign, parking and mobile home regulations, recreation, and more. The Council organized a seminar for Coos County towns on the subdivision review process in April. After the amendment of the subdivision law during the recent legislative session, we sponsored three

subregional seminars on the new procedure for subdivision review. Fact sheets on both the new mobile home law and the new subdivision law were prepared and sent to the planning boards and selectmen.

In the area of solid waste, the Council continues to provide assistance to numerous communities by helping them find cost-effective solutions to the solid waste problem, such as sanitary landfill, incineration, and resource recovery. The Council has also worked with legislators to draft appropriate amendments to the recently-passed solid waste law. In the area of transportation, the Council has continued to encourage the state to improve regional highways. The Council has worked in support of commuter air service to both the Berlin Airport and the Whitefield Regional Airport. The Council worked with the Railroad Division of The DPW&H to encourage the retention and improvement of rail service on the state-owned lines in our region and also to improve other important lines such as the Conway Branch line.

In the area of community development, the Council prepared four applications for community development assistance in 1981 with one, the development of a water supply for Whitefield, receiving full funding from HUD. The Council has been keeping up on the proposed regulations to the Small Cities Community Development Program so that communities in the North Country may benefit from the grant monies as they become available through this program.

In the area of housing the Council has initiated a survey to determine the potential for rehabilitation of existing units in towns as a alternative to the traditional approach of building new housing units. There appears to be general support from the area selectmen for this type of moderately-priced housing project. Energy continues to be very important project of the Council with NCC acting as a coordinator and clearinghouse for energy conservation and planning information.

During this past session, State Legislators requested our comments on certain bills such as the proposed enterprise zone and the amendments to the Industrial Development Authority legislation. NCC continues to be active in such groups as the National Association of Regional Councils, the NH Environmental Law Clinic, and New Hampshire Regional Planning Commissions, in order to bring valuable information and services to our communities.

The Council is a very cost-effective local organization, as was shown by a recent survey which showed that for every dollar that was appropriated by towns in 1980, almost six dollars in services were provided by the Council. As in the past, the Council's major emphasis will continue to be technical assistance and information on municipal planning and development for local governments, especially selectmen, planning boards, and other related groups. The Council staff is always available to meet with local officials to discuss projects and needs of the towns and ways in which NCC can provide assistance.

On behalf of the Council and its Board of Directors, we want to thank you for your support during the past year and hope that the Town will continue to use the services of NCC during 1982. Please feel free to contact either one of us or the Council staff in Franconia at 823-8108 or 823-5566.

Respectfully submitted,
DANIEL BARRY
NCC Representative

MOOSILAUKE PUBLIC LIBRARY ANNUAL REPORT — 1981

The Trustees of the Moosilauke Public Library wish to take this opportunity to extend their appreciation for the remarkable job Sybil Canaan did in her seven years of service to the library. An open house was held on June 3 to honor Sybil and greet the new librarian, Marcia de Steuben.

The major project of 1981 was to start cataloging the books in the library. This project is being made easier with the help of Carol Frost at the North Country Data Service, where the catalog cards are being printed. The cataloging will not only organize the entire book collection but will also help patrons find the book they want. Remember, the librarian can request any book from the State Library or borrow it from another library in the North Country. Our collection goes beyond the walls of the Moosilauke Public Library. Also, records and puzzles have been added to the collection and are available for circulation. Already they have proven to be very popular. Donations of these items are always welcome.

The summer reading program, MUPPET MADNESS, was very successful. The children who completed the program celebrated with a party and prizes at the end of the summer. A summer story hour for preschoolers was held every Friday morning on the North Woodstock Commons. Our ongoing programs throughout the year continued with Film Festivals attended by youngsters of all ages. An adult program in December at the Lin-Wood High School featured Chuck Theodore, an art photographer, with a sample of his work set to music. This slide/tape show made for an enjoyable evening.

An attempt has been made to inform everyone of happenings at the library by including articles in local papers on a weekly basis. Articles concerning the re-registration of patrons, the overdue fine policy, and the paperback book swap shelf have been submitted by Mrs. Anne Malloy. Upcoming programs have also been announced on the Bulletin Board of the Plymouth radio station.

Plans for 1982 are already underway at the library. Hours that the library is open will be extended from twelve to fifteen. On Monday and Friday the library will be open from 1:30 to 6:00 and on Wednes-

day from 1:30 to 4:30 and 6:00 to 9:00. Beginning in January, a story hour will be held at the Lin-Wood Preschool for all of the children there. Also, it is hoped that more programs will be offered in 1982 for both children and adults, perhaps on a monthly basis. In addition, there will be an attempt to establish an active Friends of the Library organization.

A special thank you to Charles and Marjorie Spaulding for their donation of **National Wildlife** and **Smithsonian** magazines and to the Quest Club for once again donating the children's magazine, **Ranger Rick**. Bill Mellett and the town crew also deserve thanks for their help in improving the library, by moving and painting furniture. But a very special thank you goes to the library trustees, patrons, and townspeople for their help and support throughout the year.

Respectfully submitted,
MARCIA de STEUBEN
Librarian

REPORT OF THE WOODSTOCK PLANNING BOARD

The year 1981, was a year of transition from an appointed board to the first elected board the town has had.

At the Town Meeting eight candidates were on the ballot for six seats. Elected by you for a one-year term were Eleanor Parker and Carleton Ham, for two years, Etta Martin and Dan Barry, for three years, Robert Hiltz, Sr. and Carol Frost. Bonnie Ham will continue as the Selectman member on the board.

At the first meeting of this board on 19 March, it elected the following officers for the year, D. Barry, Chairman; E. Martin, Secretary; and Carol Frost, Treasurer; and then voted to ask Arnold Ham and Michael Conklin to serve as alternates, to which they both subsequently agreed.

This makeup of the board was short lived as C. Ham left the area and M. Conklin moved to Lincoln, before the next meeting was held in April, at that time A. Ham was asked and agreed to serve out C. Ham's term.

The final work of the outgoing board was to complete action on and adoption of the Excavation Regulation for the town; this process was completed with the necessary filing on March 9th.

The members of the new board who are serving for the first time attended many special meetings on soils, septic systems, and duties and functions of Planning Boards, in an effort to better understand this complex planning business. Their enthusiasm and attendance are greatly appreciated.

The major accomplishment of the year came at the September 14th meeting of the board at which the first section of The Town Of Woodstock Comprehensive Community Plan (master plan) was adopted by unanimous vote of the board.

This process of compiling a Comprehensive Community Plan, which began in earnest in 1978, took much of our time and effort again this year. We held seventeen meetings this past year, and the plan was the major part of seven of these meetings.

Even with the sustained effort of this year, the full plan is not yet

completed. With your assistance at one more public meeting in January 1982, and with the continued invaluable assistance of North Country Council, and especially that of Mary Ellen Barnes, we hope to finish and have copies available for your review at the 1982 Town Meeting.

To all who have contributed in this undertaking, former board members, "Future Woodstock" committee people, The Woodstock Conservation Commission, Soils Conservation Service, the Board says THANK YOU!!

To implement some of the suggestions and or recommendations of the Comprehensive Community Plan will in some instances require action by the Planning Board, the Selectmen or you, the townspeople at a Town Meeting, or a combination of any of these.

In the months ahead, the board will be analyzing all the information in the plan and it will make recommendations as necessary.

Hopefully other decision makers for the town now and in the future will find the Woodstock Comprehensive Community Plan a valuable asset. And, you, the Planning Boards of the future, - we expect you to review it annually, and update it as necessary.

I had not realized how busy we have been this year until I started to gather information for this report. At this point, enough has been written, so I should be finished, but as yet I haven't said anything about our main job, that of reviewing SUBDIVISION applications, of which we had four. Three of these were approved; the fourth is still pending.

We had one application for excavation, from the owner of the Deer Park Property, which was accepted by the board with a few minor on-conditions.

And if this wasn't enough, the General Court went and changed a number of Rules this year that then required a good part of four meetings for rewriting the town's Subdivision Regulations, and holding the required Public Hearing, on the 30th of December to which NO public came.

Respectfully submitted,
DANIEL C. BARRY
Chairman

WHITE MOUNTAIN MENTAL HEALTH CENTER

— — — — —

Services Provided:

1. Outpatient Counseling - we have our central office in Littleton and three satellite offices to help extend the availability of our services. The services offered include individual counseling, marital therapy, family therapy, group therapy, and children's services.
2. Aftercare - providing services to patients discharged from New Hampshire Hospital. This includes counseling, day activities and psychiatric follow-up to assist this population in returning to their communities.
3. Emergency Services - a 24-hour, 7-day a week program that meets the needs of those individuals requiring immediate crisis care.
4. Inpatient Care - hospitalization is provided with the cooperation of our local hospitals.
5. Social, Psychological and Psychiatric Evaluations - services which are provided to schools, court, state and federal agencies.
6. Psychiatric Consultation - consultation provided to individual clients, schools, courts, physicians and local hospitals.
7. Alcoholism Services - including direct service to clients, as well as consultative and preventive programs.
8. Sponsorship of DIAL - a drug information and hot-line center which frequently functions as a drop-in center.
9. Consultation and Education - indirect service to other health care providers. These include case consultation and in-service training to hospital personnel, schools, headstart, courts, nursing homes and boarding homes.

T.E.M.P.O. WORKSHOP

T.E.M.P.O. is a rehabilitation facility which offers service to the developmentally and physically impaired. During 1981, we increased the number of clients served by approximately 23%.

Services Offered:

1. Work Activities - a program for severely impaired clients. This includes work-related activities, teaching skills which are essential in daily living and general activities.
2. Sheltered Workshop - this program is best described as sheltered employment. A work environment is structured such that it meets the needs of the individual client. The clients are paid for the work they perform. Additionally, we provide training around necessary skills for independent living.
3. Work Adjustment - this program is designed to place the client in an independent work situation.

I hope that this information is helpful in giving you some insight into the services provided by our Agency. We are a non-profit organization affiliated with Northern New Hampshire Mental Health Center. We have an Advisory Council with a broad geographic representation. Three of our Council Members sit on the 12-member Regional Board of Directors for Northern New Hampshire Mental Health Center.

Respectfully submitted
DENNIS C. MACKAY
Area Director

Board of Selectmen
Town Office
Woodstock, New Hampshire 03293

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Woodstock for the year ended December 31, 1980 and have issued our report thereon dated March 19, 1981. As a part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

Segregation of Funds

The Town of Woodstock is currently running several funds through one checking account and not accounting for these funds separately. This results in the Selectmen not knowing at any one time what the fund balances are. This is necessary financial information when budgeting for a subsequent year. The Town assumed they had a larger general fund balance at December 31, 1980 than they actually had because funds were not accounted for separately.

We therefore recommend all capital projects funds be physically segregated (i.e. a separate checking account); all funds should be accounted for separately.

Sewer and Water Funds

The Sewer and Water Funds should be accounted for separately, as discussed above, so that the revenues from the billings can be compared to the expenses of the fund (including any long-term debt). If

the revenues are not matching the expenses, then a management decision as to whether the rates should be adjusted can be made. The financial information to make the adjustment will be present if the funds are separately accounted for.

Tax Sale - Water Rents

Uncollected water rents and sewer tax are currently being sold at tax sale. State statutes allow for only sewer taxes to be sold. We recommend that alternative procedures for collection of water rents be investigated and implemented.

Segregation of Duties

Internal control is weakened due to insufficient segregation of duties. If the Selectmen decide that it is not practical to further segregate the duties of town employees, then stronger controls should be employed to help strengthen internal control.

Invoice Receipts

Most, but not all invoices are being sent to the Selectmen's office. As a control procedure, all invoices should be sent directly to the Selectmen's office.

Establishment of Procedures Manual

Some of the above listed internal control weaknesses could have been avoided had a procedures manual been implemented and in use. A procedures manual is a written record of the Town's accounting procedures and policies. This procedures manual would help the Town in:

- Determining how successfully they are meeting their accounting and administrative goals.
- Determining if they are meeting any existing or new governmental (local, state, or federal) requirements.
- Meeting their daily financial demands.
- Determining if they are applying procedures uniformly.
- Familiarizing new Town officers with the operation of the Town.
- Training new employees unfamiliar with the Town governmental procedures.

Other

The objective of internal accounting control is to provide reasona-

ble, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect either to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in condition and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1980, which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system.

Other areas, while not material weaknesses in internal accounting control, merit your attention.

Inventory of Fixed Assets

As is the practice with many New Hampshire municipalities, the Town has not maintained a record of its fixed assets. In order to adequately maintain control of its existing fixed assets, we recommend the Town conduct an inventory of these assets as soon as is practical. As part of their long-term policies, Town officials should initiate fixed asset records. Cost or consideration given is the generally accepted method for valuing fixed assets, and should be recorded on all new acquisitions. Where adequate documentation of cost is un-

available for existing fixed assets, an estimate of original cost is an acceptable standard under accounting principles for governmental entities. Adequate guidelines for distinguishing between capital additions and "expense" type items should be established. The existence of fixed asset records will not only aid Town officials in their control of these assets, but should be an invaluable tool in long-range planning.

Miscellaneous Special Revenue Funds

The miscellaneous special revenue funds (i.e. bi-centennial, dry hydrant and preambulation) should be reviewed for propriety and need. If they are deemed unnecessary they should be transferred to the general fund.

Capital Reserve Funds

The vehicle replacement capital reserve fund was transferred to a separate account as of December 31, 1980, but not to the trustees of trust funds as required by law. We recommend that the Selectmen initiate controls to assure that these transactions are made on a timely basis prior to year-end.

Publication Requirement

The provisions of R.S.A. 71-A:21 require that only this letter be published in the next annual report of the Town.

We recommend that you also publish the accompanying financial statements, footnote disclosures and auditor's opinion in their entirety in your next report. If you decide to publish the accompanying financial statements, you must include both footnote disclosures and our auditor's opinion as part of the Town report. In addition, the auditor's report may not be published without the accompanying financial statements and footnotes.

We extend your thanks to the officials and employees of the Town of Woodstock for their assistance during the course of our audit.

Board of Selectmen
Town Office
Woodstock, New Hampshire 03293

Dear Board Members:

We have examined the combined financial statements of the Town of Woodstock for the year ended December 31, 1980, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above do not include financial statements of the general fixed asset group of accounts, which should be included to conform with generally accepted accounting principles.

As described more fully in Note 11, the combined financial statements referred to above also do not include financial statements of the community development water capital projects fund, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the financial statements described above result in an incomplete presentation, as explained in the preceding paragraphs, the combined financial statements referred to above present fairly the financial position of the Town of Woodstock at December 31, 1980, and the results of its operations and the changes in financial position of its proprietary type funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.
